

SEE THE DIFFERENCE SERVING DOUWE EGBERTS® COFFEE MAKES

Douwe Egberts® provides unparalleled value to the out-of-home market by offering over 250 years of coffee experience. The combination of our expertly engineered brewers and our full line of distinctive beverages ensures that your customers receive a consistently delicious cup of coffee whenever needed. Our bag-in-box technology maintains the high quality of our coffee while ensuring that the brewer quickly pours a fresh, consistent cup or pot of coffee on-demand. Douwe Egberts offers a product and equipment solution that will allow you to maximize your labor resources and increase the efficiency of your operation.

100% COLOMBIAN. The best Colombian beans make this product the standard for quality coffee. Taste it and you'll agree that our 100% Colombian coffee has a lively taste, making it the ideal start to every day. Available in 2 liter and 1.25 liter packs.

100% COLOMBIAN DECAFFEINATED. This is the perfect alternative for those who crave the lively flavor of Colombian coffee without the caffeine. With our 100% Colombian Decaffeinated, which is 97% caffeine free, your customers can enjoy the satisfying taste of coffee any time of day or night. Available in 2 liter and 1.25 liter packs.

KONA BLEND. The Hawaiian Islands boast some of the world's most ideal growing conditions, resulting in our Kona blend's mild, elegant body. Since Kona coffee is low in acidity, it has a smooth flavor profile and no bitter aftertaste. Its soothing body makes Kona blend an appealing choice throughout the day. Available in 2 liter packs.

GOURMET. This distinctive blend has a worldly appeal to legions of coffee lovers. Its bold notes are delicately balanced by a smooth profile, making our Gourmet blend eminently drinkable before, during and after meals. Available in 2 liter packs.

EUROPEAN DARK ROAST. Rich, flavorful coffee adds the perfect touch to an elegant culinary experience and nothing fits that bill better than our European Dark Roast. Full-bodied European Dark Roast delivers plenty of flavor and a well-rounded finish. Let its soul-satisfying flavor complete your customers' evenings and dining experience. Available in 2 liter and 1.25 liter packs.

CAFI-LAIT MILK. Produces specialty coffee drinks with a creamy appearance and a layer of foam made up of so many bubbles it can stand up to any sweetener. Cafè-Lait delivers great fresh milk taste with exceptional performance. Available in 2 liter and 1.25 liter packs.

CACAO FANTASY. Delivers steaming mugs of delightful hot chocolate-temptingly sweet and richly aromatic. It can be added to coffee to make a delicious mocha. Available in 2 liter packs.

NSF International, The Public Health and Safety Company

Underwriters Laboratories, Inc.

¹ Additional 6" clearance required in rear for water filter (unless mounted elsewhere).

² Hot water hourly capacity is limited by max flow rate of machine, not by temperature.

³ Note: As of 2/28/07, the C-50 is still available in limited quantities while supplies last.

⁴ The C-600 will be available in select markets starting in late spring, 2007. Additional markets will be added later.
