

# Make Every Cup Count. Look for the Little Green Frog.

Our company is dedicated to bringing you the highest quality coffee & tea, while we at MARS Drinks are committed to sustainable practices and are concentrating on the areas that have the highest impact for our business and our customers. We work with the Rainforest Alliance to source coffee and tea from farms that have been certified, helping to conserve biodiversity and ensure sustainable livelihoods for grower communities. See why every cup counts at [SealYourCup.org](http://SealYourCup.org).
