

COFFEE DISTRIBUTING CORP.

"The Office Refreshment Experts"

OVERVIEW

CDC identified the need for a national office beverage program to meet the requirements of our NY metro area customers who have offices across the country.

With that objective in mind, CDC has joined forces with the best local office refreshment vendors across the country, to bring nationwide service, sales and distribution under one umbrella—Royal Connection. Royal Connection delivers fully integrated national coverage and the most experienced team in the coffee industry.

Royal Connection unites the nations' leading office beverage providers to offer a single source for customized break room solutions. As market leaders in the office beverage industry, the Royal Connection network combines skilled expertise with personal service, quality products and competitive pricing.

Royal Connection has an extensive nationwide distribution and support network, to service all of your locations nationwide.

ADVANTAGES

- Competitive and uniform prices for all offices nationwide
- Exceptional levels of service throughout the country
- Standardized office refreshment equipment
- Customized office refreshment equipment available based on individual location needs
- Online ordering available
- Various reporting tools to monitor expenditures, analyze and forecast purchasing patterns

HOW THE PROGRAM WORKS

- Notify your offices of the availability of a national office refreshment program.
- Provide CDC with a list of your local office managers or contacts.
- We will coordinate with our affiliates in each city to conduct an on-site survey of your local office needs, including equipment and products.
- We will present a consolidated proposal with recommendations by city.
- Upon approval of our proposal, CDC's local affiliates would schedule equipment installations and product deliveries to each of your offices.
