C-600

HIGH-VOLUME SPECIALTY COFFEE BREWER

GOURMET AND ESPRESSO-BASED SPECIALTY
COFFEE AT THE TOUCH OF A BUTTON!

THE DOUWE EGBERTS™ ONE-TOUCH C-600 COFFEE BREWER is the perfect gourmet & specialty coffee solution for locations requiring a high volume of freshly brewed coffee during peak hours.

The C-600 holds and brews two products from a choice of five coffee blends, *real* milk, and/or Belgian chocolate; plus hot water for tea or soup.

The versatile C-600 can be programmed to fit your needs:

- Set buttons to brew the same size cup or pot each time (ideal solution for back-of-house usage)
- Set buttons to have a continuous flow of coffee until the button is released (ideal solution for front-or back-of-house locations with multiple cup/pot sizes)

C-600 OPERATOR BENEFITS INCLUDE:

- *Consistently* great tasting fresh-brewed coffee, cup after cup
- Virtually no waste – coffee is brewed on-demand for excellent cost control
- Reduced labor – best-in-class operationally-simple brewer is very easy to clean, train, and maintain
- Extremely high reliability – Douwe Egberts™ One-Touch coffee brewers are designed and built by Douwe Egberts to be durable and reliable
