

STUMPTOWN COFFEE ROASTERS

Whole Bean Blend Offerings

HAIR BENDER

Tasting Notes: Citrus & Dark Chocolate

The coffee that started it all. Hair Bender is a complex blend with notes of citrus, dark chocolate, and a caramel sweetness, featuring coffee from three major growing regions - Central and South America, East Africa, and Indonesia. We devote constant attention to Hair Bender and are proud of its status as our most popular coffee. It's the go-to coffee for espresso in all of our cafes because it tastes excellent on its own and also pairs beautifully with any type of milk.

HOLLER MOUNTAIN

Tasting Notes: Creamy & Caramel

A versatile and full-bodied blend, Holler Mountain doses out a bright burst of citrus that pairs perfectly with notes of blackberry, caramel, and hazelnut. Holler Mountain features certified organic coffees from Central and South America, East Africa, and Indonesia. This organic offering flourishes as a blend designed to perform well in a variety of brew methods.

HOMESTEAD

Tasting Notes: Candied & Milk Chocolate

Sweet and delicious, Homestead is a crowd pleaser. It is the lightest of our blend line-up and is roasted to brew a fine cup, whatever your brew method. In fact, it is our favorite blend to use for cold brew. Homestead is comprised of some of our best Direct Trade coffees to maintain a balanced, elegant, and consistent profile. These components rotate as the seasons do, so Homestead is always at the height of its potential, balancing chocolate, fruit, and nougat sweetness in a floral and complex blend.

STUMPTOWN COFFEE ROASTERS

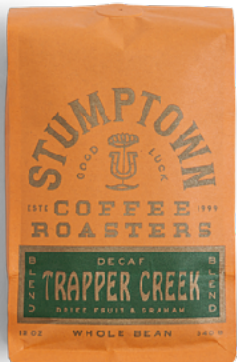

Whole Bean Blend Offerings

FRENCH ROAST

Tasting Notes: Clove & Bittersweet Chocolate

Our French Roast redefines what a dark roast can be – big and smoky, but never burnt. We roast this coffee to expand its inherent flavor for a classic, darker cup. Each component of this dark roasted blend meshes perfectly to create a balanced and full bodied coffee. When roasting this offering, we extend the heat and time in order to add an additional roasted sweetness to the cup that appeals to anyone who appreciates a classic dark roast. All of the coffees sourced for our French Roast are certified organic.

TRAPPER CREEK DECAF

Tasting Notes: Dried Fruit & Graham

Finally, a decaf that holds its own. Trapper Creek Decaf is cultivated by a group of dedicated producers from the highlands of Colombia, and is decaffeinated by the pros over at Swiss Water Process. Sweet but full-bodied, Trapper Creek makes an outstanding espresso or cup of drip. We rotate peak condition Central and South American coffees to maintain a balanced, elegant and consistent cup profile.

MANDATORY MEETING

Tasting Notes: Bittersweet Chocolate & Mint

Mandatory Meeting is an office coffee exclusive menu item. It's a classic dark roast that is roasted to brew a full-bodied cup with classic Stumptown sweetness. You'll find notes of fudge, toasted marshmallow, and mint, finished with a smooth and syrupy mouthfeel. Mandatory Meeting pairs beautifully with milk or cream; a true crowd pleaser.
