bevi®

The Standup 2.0 water dispenser

Description

Personalization is the name of the game with the Standup 2.0 water dispenser. Choose from still, sparkling or light sparkling, select your temperature, mix flavors, and top your drink off with an enhancement to create your favorite water yet.

Standard Features

Touchscreen - Our 15.5" touchscreen enables an intuitive and easy way to select, build, and customize your drink. Look out for fun touchscreen surprises and our energy saver mode at night.

Refill station - All bottles within 12" height fit easily into the dispenser area. With our single nozzle design and colorful lighting, filling up is clean and easy.

Easy install - All you need is a standard 3 prong US 115v electrical outlet and 1/4" outer diameter water line.

Touchless dispensing - Control your bottleless water dispenser from your phone—no app or configuration required. It's like magic.

The Well - Let us do the work. Real-time remote monitoring of flavors and CO_2 ensures the bubbles, and the fun, never stop.

Compact footprint - More features in a smaller machine. With our slimmer 16" width design, it can fit into any kitchen.

Water and flavor options - Still, light sparkling, and sparkling filtered water. Hot, cold, and ambient water temperatures. We recommend 5 flavors and 3 enhancements for optimal beverage creation.

Dimensions - 5' 5" (h) x 1' 3" (w) x 1' 7" (d)

Pre-Install Requirements: To be completed PRIOR to installation
